ACTIVITIES OF INSURANCE BUREAU DIVISIONS

The Insurance Bureau is headed by the Commissioner of Insurance who is appointed by the Governor to serve a four year term. There are two deputy commissioners, the Deputy Commissioner of Policy and the Deputy Commissioner of Administration, who coordinate activities of Bureau divisions and perform specialized services within the Bureau. The organization chart on page four illustrates the Bureau's underlying structure.

OFFICE OF POLICY & COMPLIANCE

This office performs a variety of functions within the Insurance Bureau. The Hearings Division conducts administrative hearings on topics ranging from alleged violations of the Insurance Code by licensees, to rate filing reviews, to consumer assistance matters. Actuarial services are provided to other units by the Office of Actuarial Analysis and Planning, which is also developing computerized information systems to monitor selected insurance markets.

The Consumer Protection and Malpractice Arbitration Division administers the medical arbitration program established by Acts 140 and 141 of the Public Acts of 1975. This division also performs research and makes policy recommendations in the area of minimum standards for life and health insurance, malpractice insurance, medicare supplementary insurance, dread disease policies and other related topics. The Regulatory Standards Division analyzes current problems encountered by the Insurance Bureau in its regulatory role and develops recommendations for dealing with these problems, particularly in implementing the Essential Insurance Act.

These latter two divisions develop rules, bulletins, and guidelines which convey the Insurance Commissioner's policy positions and interpretations of the Insurance Code. Taken as a whole, these components work to articulate a regulatory policy to be applied to the business of insurance, and to join with other areas of the Insurance Bureau to enforce regulatory policy.

OFFICE OF CONSUMER PROTECTION

The Office of Consumer Protection and Enforcement has as its primary mission protecting insurance consumers in Michigan and assisting them with problems and questions that they have relating to the insurance relationship in the State of Michigan. The Office of Consumer Protection and Enforcement (OCP) staff work to assure that Michigan insurance consumers get what they bargain for in the insurance relationship — that the coverage for which they pay is placed in force, and that all benefits deriving to those consumers from insurance contracts are, in fact, paid or offered.

In 1982, 375 cases were closed, with $125,608.55 in civil penalties assessed and 45 license revocations.

Consumer Assistance Division (CAD)

This division helps consumers who have experienced problems with their insurance or who have questions regarding insurance. CAD is often able to mediate disputes between the consumer and company to the advantage of the consumer. In 1982, CAD received 715 written inquiries, 5,539 written complaints, helped 323 walk-in personal conferences, and responded to 16,977 telephone inquiries. Through this division's efforts, there was a monetary return to consumers (in the form of claims paid and premiums returned) of $2,729,192.

Investigation Division

This division is charged with the responsibility of investigating allegations of violations of the Insurance Code and related laws by insurance agents, solicitors, counselors, and adjusters. During 1982, 142 investigations were completed.

Marketing Practices Division

This division is charged with the responsibility of examining insurers for compliance with sections of the Insurance Code, especially Chapter 20 which deals with unfair trade practices, and Chapter 21, the major portion of the Essential Insurance Act. Companies are targeted for auditing through analysis of consumer complaints received by the Consumer Assistance Division. During 1982, four market conduct examinations were initiated: American Bankers Life Assurance Company of Florida, Cadillac Insurance Company, Firemans Fund Insurance Company, and State Farm Insurance Company.

OFFICE OF HEALTH INSURANCE

The Office of Health Insurance administers regulatory programs pertaining to prepaid health care and dental care service corporations, and health maintenance organizations. Unlike any other office in the Insurance Bureau, this office is structured along programmatic lines rather than along functional lines and its responsibilities encompass all aspects of regulation. The various functions performed in this office include licensing, financial standards and surveillance, market standards and practices, consumers assistance and complaint investigations, rate approval and monitoring, subscriber and provider contract approval, and policy and program development.

The office is divided into two areas of responsibility — the Blue Cross and Blue Shield of Michigan (BCBSM) and Delta Dental Plan (DDP) Division and the Health Maintenance Organization (HMO) Division. The above-mentioned functions are carried out by each division in its area of responsibility.

BCBSM and DDP Division

BCBSM provides coverage for medical and hospital care to almost five million persons, over half of the state's population. It has contracts with all but two hospitals and provides payments to the majority of physicians in the state. It also administers the federal Medicare program in Michigan.

The first major legislative reform of BCBSM since its inception in 1939, 1980 P.A. 350 was scheduled to take effect April 3, 1981. The implementation of this Act was blocked by an Ingham County Circuit Court injunction issued on April 2, 1981 prohibiting P.A. 350 from going into effect. The question of the constitutionality of this legislation is before the Michigan Supreme Court. The Act restructures the Board of Directors of BCBSM to increase consumer representation. It also embodies a significant reduction in direct authority of the Insurance Commissioner over corporate reserves, rates of reimbursement to hospitals and subscriber rates. However, it is an imaginative attempt to solve pressing health care problems, the most important of which is cost containment. The Commissioner of Insurance continues to operate under the regulatory authority as enacted in 1939 P.A. 108 and 109 with the continual increase in health care costs and utilization of these services, a rate increase for area rated groups was granted averaging 17.5%, effective January 1, 1982 and after a subsequent filing, an additional rate increase was granted averaging 15% effective January 1, 1983. BCBSM requested a 46% increase for nongroup, group conversion and other-than-group Medicare supplemental subscribers to be effective January 1, 1982. The final rate order dated October 27, 1982 granted the following rates:

Line of Business	Coverage	Rate Increase
Group Conversion	Blue Cross	31.03%
	Blue Shield	36.99%
Non-Group		
	Blue Cross	9.87%
	Blue Shield	36.28%
Other-Than Group Medicare Supplemental	Blue Cross	15.0 %
	Blue Shield	15.0 %

Delta Dental Plan of Michigan (DDP) completed its 25th year of providing prepaid dental benefits to the citizens of Michigan. DDP provides coverage for over 1.5 million people and over 90% of the actively practicing dentists in the state have service agreements.

HMO Division

Health maintenance organizations (HMOs) continue to progress as an alternative to traditional "fee-for-service" arrangements. They have been very effective in controlling hospital utilization and providing a more efficient means of delivering health care. During 1982, enrollment in HMOs increased by almost 26%. Three new HMOs were licensed during 1982 and three additional new applications were in the licensure process as of the end of the year. Relicensure applications of seven HMOs were also processed and approved during the year.

HMOs are subject to dual regulation. The Insurance Bureau handles the business and financial aspects of regulation and the Department of Public Health handles the health care delivery aspects. During 1982, the division initiated and finalized the Interagency Agreement with the Department of Public Health. This agreement streamlined the regulatory functions considerably and eliminated unnecessary duplication and overlap. Important and far-reaching legislative changes were achieved by 1982 P.A. 354 which was signed into law by the Governor in the latter part of December 1982. This was the first major overhaul of the HMO statute since its inception in 1974. The new HMO law strengthens the business and financial aspects of HMO regulation considerably and as a result the role of this division has increased significantly.

During the year a Pontiac-based HMO, Michigan Master Health Plan, went into bankruptcy under the federal bankruptcy laws. The division was instrumental in arranging for continued coverage of more than 16,000 subscribers of this HMO. The division was also instrumental in protecting subscribers from claims by providers for unpaid bills resulting from services provided under the HMO's subscriber contracts.

OFFICE OF INDUSTRY STANDARDS

This office administers regulations to assure that insurance companies can meet their contractual responsibility to policyholders when claims are submitted. In regulating for solvency, company financial records are audited, examined, and analyzed.

Financial Standards Division

This division's primary responsibility is conducting financial examinations on site of insurers licensed in the State of Michigan so as to assure continued company solvency and compliance with the statutes, thereby protecting the insurance buying public. In addition, the division is responsible for the annual valuation of reserves of domestic life insurers and alien life insurers using Michigan as a port of entry state.

In 1982, the Bureau's staff of 17 examiners participated in 34 examinations; 30 of the companies were domiciled in Michigan, and five examinations were conducted under the auspices of the National Association of Insurance Commissioners with the participation of examiners from other states. The division also examined four Canadian companies that use Michigan as its port of entry state.

Financial Analysis Division

Every insurer licensed to transact insurance in the State of Michigan is required by statute to file a detailed financial statement covering the preceding calendar year on or before March 1 of each year. This division is responsible for analyzing 1,350 detailed annual financial statements each year, as well as less detailed quarterly statements from many of those companies. Also audited are statements filed by unlicensed companies under the surplus lines provisions of the Michigan insurance laws. Analyses are performed in order to determine financial solvency and to ensure compliance with various statutory requirements.

The Financial Analysis Division is also responsible for administration of the Premium Finance Act. As of December 31, 1982, there were 34 premium finance companies licensed in Michigan.

Market Standards Division

This division assures that rates for insurance policies marketed in Michigan are not excessive, inadequate, or unfairly discriminatory, and that benefits are reasonable in relation to the premium charged. Insurance contracts are examined for required clauses and to make sure they are not ambiguous or misleading.

Public Acts 7 and 8 of 1982 established open competitive rating for workers' compensation. At the same time membership in a workers' compensation rating bureau was prohibited. As a result each insurer writing workers' disability compensation coverage was required to file rates, rating plans and policy forms in compliance with the Acts.

During 1982 the division acted on 9,270 property and liability rate and form submissions. In addition, 21,222 individual policy forms were approved or disapproved.

In 1982, the division received 7,563 life and health policy form or rate filings and 1,910 advertising pieces or marketing plans. In addition, 1,445 miscellaneous filings were received such as lists of exempt forms, accident and health experience exhibits, discretionary group life filings and miscellaneous inquiries.

OFFICE OF LICENSING AND ADMISSIONS

Overall supervision of company admissions and agent licensing is the primary responsibility of this office. It is also assigned liaison and monitoring responsibility for the Property and Casualty Guaranty Association.

The Surplus Lines Unit monitors the activities of surplus lines agents. The Bureau received premium tax payments totaling $1,858,232.49, in 1982. New surplus lines licenses were issued to 20 agents. There are 154 surplus lines agents licensed in Michigan.

Agency Licensing Division

This division conducted 11,813 qualifying examinations of all types in 1982; 7,269 examinations were completed successfully, while 4,544 failures were recorded. The table below shows the results of the agent examinations by lines of insurance:

The division received and processed 87,573 agent appointments and 65,629 appointment cancellations.

Insurer Licensing Division

This division is responsible for supervising applications by foreign and alien insurers for admission to Michigan, for amended authority in Michigan, the organization of new Michigan companies and the collection of premium taxes. The total number of companies authorized to write insurance coverages in Michigan as of December 1982 was 1,204, an increase of 7.6% over 1981. The division is also responsible for processing legal documents served on foreign insurers and for maintaining corporate files which contain original copies of activity affecting insurance companies licensed in Michigan.

RECEIVERSHIP DIVISION

Insurance companies doing business in the State of Michigan which become insolvent are supervised by the Commissioner of Insurance as the statutory receiver to rehabilitate or liquidate as ordered by the Circuit Court. The Commissioner of Insurance, being accountable to the court for the receiverships, is empowered to appoint a deputy receiver to act as the Commissioner's agent and to employ counsel as may be necessary to administer the trust. The cost of such administration is charged against each respective receivership.

The Receivership Division performs the following functions in accordance with statutory authority: marshalling of assets of insolvent insurers, evaluating claims filed by all interested parties in order to determine the total claim liability against the insolvent insurer, and the investing and conserving of all assets to ensure maximum dividend distribution to all policyholders, claimants and creditors of the insolvent insurer.
